

FUNGICIDAL WASH

MIDAS

FEBRUARY 2026 / V2

PRODUCT DESCRIPTION

A ready-for-use broad-spectrum, general purpose biocide for the sterilising of surfaces prior to painting.
Has a blue tint to assist with application and prevent missing any spots during the sterilising process.

COLOUR RANGE

Translucent light blue solution.

PACKAGING

1 litre and 5 litre plastic bunny cans.

RECOMMENDED FOR

INTERIOR and EXTERIOR surfaces.

An extremely efficient surface sterilant prior to painting. Will eliminate most common species of bacteria, moulds and algae.

NOT RECOMMENDED FOR

Not suitable for use in wine cellars.

APPLICATION

PLEASE NOTE: Correct preparation is essential. All surfaces must be sound and prepared in the recommended manner. For more information on surface preparation contact your nearest Paintsmiths store.

Supplied ready for use – do not dilute.

Apply Fungicidal Wash liberally by brush, roller or hand spray depending on size area to be treated. Allow the active ingredient a minimum kill period of 18 - 24 hours to penetrate the substrate and kill spores. Scrub the surface with a mild soap and water solution to remove all dead spores and any other contaminants or discolouration. Rinse well and allow to dry. Then apply a second coat of Fungicidal Wash and allow to dry.

SPREAD RATE

6 - 9m²/litre/coat

NOTE: The spread rates quoted are approximate and should only be used as a guide as the actual rate will vary depending on the condition and porosity of the substrate.

OVERCOATING TIME

N/A

CLEANERS/SOLVENTS

Wipe excess paint from application equipment using an absorbent cloth before washing with water.

SAFETY

As with general chemicals, protective clothing including goggles and gloves should be worn. Wash all areas of contact with soap and copious amounts of clean water.

SHELF LIFE

When filled, the product is sterile, and unopened has a shelf life of at least 12 months from the date of manufacture.

ENVIRONMENTAL NOTE

Please note: Disposal of paint containers and/or contents other than in an approved manner may result in contamination of our water ways or the pollution of our environment. Do not clean equipment where water and solvents will enter storm water drains. Please dispose of unused paint and paint containers through an approved recycling scheme or seek advice from our local council about other accepted disposal method. For more information on our environmental policies, enquire in store.

VOC GREEN FILTER

The information herein provided is based upon our current theoretical compositions/calculations, and current data from our raw material suppliers. We thus reserve the right to amend and correct when/if necessary.

FOOTNOTE

The above information is intended as a guide only. Since this product is applied by 3rd parties, Paintsmiths and the manufacturer cannot be held liable for any loss or damage whatsoever relating to application or to the surface to which it is applied. Paintsmiths and the manufacturer reserve the right to make changes at any time, without notice.
